

Patient Rights and Responsibilities

1. Right to Respectful Care

All patients have the right to receive respectful and considerate care in a safe environment.

Patients have the right to be informed about their diagnosis, treatment, and prognosis.

They can ask questions and expect honest answers from the medical team.

Patient Rights and Responsibilities

2. Responsibilities of Patients

Patients are responsible for providing accurate health information and cooperating with the prescribed treatment plan.

They must respect hospital staff and other patients, and adhere to facility rules.

Patient Rights and Responsibilities

3. Emergency Treatment Access

In case of an emergency, every patient has the right to treatment regardless of their ability to pay.

Hospitals are required to stabilize the condition before any transfer or discharge is considered.
